## Arlington-Fairfax 2188 Aids Reagan USO Again June 27

Arlington-Fairfax 2188 made another requested delivery to the USO Center at Reagan Airport on Friday June 27. The needs of the USO continue to be a high-priority for us and one that we take joy and pride in being able to support. We will be making another delivery this week as the 4th of July holiday weekend is an extremely busy time for travels and for our military and their family members to be utilizing the services of the USO lounge while awaiting their flights.

Ten boxes of various frozen sandwiches and entrees were delivered to stock the freezer at the Reagan National USO to provide food for traveling military, veterans, and their families. These entrees are easily micro-waved for an enjoyable entrée or heavy snack.
