Arlington-Fairfax 2188 Supports Reagan USO in January

L to R: Katie Earle, USO Representative and Patti Graves, 2188 Esteemed Leading Knight

Arlington-Fairfax 2188 made another donation and delivery of frozen entrées to stock the freezer at the Reagan National USO Center. The donation provides entrées that are easily microwaved for an enjoyable entrée or heavy snack for the traveling military and their families.

Linda Vine, Airport Services Specialist, and Katie Earle, USO Center Representative, accepted the food donation. They expressed appreciation for the frozen food donation, and indicated their amazement at how quickly December's food delivery was gone. It lasted less than 2 weeks, an indication of how much the food is appreciated.

With an estimated 1800+ service men and women visiting the Reagan National USO Center in a month, this program is a

wonderful example of Elks service to our military.
