Barbara Marshall: REMINDERS FOR YOUTH CAMP APPLICATIONS

REMINDERS FOR YOUTH CAMP APPLICATIONS

- Make sure signatures are on all sheets that require them
- Make sure that the green medical history is filled out completely, including shot record (may be attached)
- Tetanus shot should be up to date
- **Paper clip all green medical forms together.** This helps the camp staff to review the medical information efficiently. All other forms for each child should be paper clipped together.
- As a reminder, campers are checked for lice and will be sent back home if any are found.
