Bev Hamby Note on ENF Promise Grants

Promise Grants

Promise Grants offer Lodges a chance to be a positive influence in their communities by holding an event that builds the character and competence of local youth. In 2011-12, Elks reached more than 12,000 youth through Promise Grant activities.

All Lodges are eligible to apply for this grant, but only the first 500 Lodges to apply with qualifying projects will receive the \$2,000 Promise Grant.

Promise Grants are a great opportunity for your Lodge to reach out to local youth. When planning your Lodge's Promise Grant project, keep in mind that the project must be more than a donation of funds or supplies. Lodges should hold events that give Elks and youth a chance to come together.

2013-14 Promise Grant applications are online now. Please don't let this money get away from you, apply now. If you have not sent in your final report for last year's Grants you can still apply.
