## Charlottesville 389 Donates Safety Glasses to Area Schools

# Charlottesville Elks Lodge 389

On August 15th, 2014, members from the Charlottesville Elks Lodge donated 650 pairs of Safety Glasses to the local vocational schools in the central Virginia community. As the technical education centers expressed their concern in the declining student body, they were most appreciative of the donation. Elk Members Vicki Shiflett and William Hussey Jr. were most privileged to arrive at the Fluvanna County High School just in time to give the pledge of allegiance prior to the beginning of the school day with the students.
