

Charlottesville 389 Holds “Hamburger Steak Night” for ENF

Charlottesville 389 held their Second Annual “Hamburger Steak Night” on Sunday, October 9. This event was planned to benefit the Elks National Foundation. Lodge ENF Chair Lynn Rutherford-Snow welcomed everyone and explained the many benefits Elk Lodges can reap by supporting ENF and applying for various grants they offer. Elk Ellis Frazier gave the blessing.

Those in attendance enjoyed the delicious meal prepared by Elk Member Henry Hackett and his wife Debbie (member of Doe Auxiliary). The meal consisted of hamburger steak with gravy and onions, mashed

potatoes, green beans, corn, rolls, dessert, coffee and tea. Plus, we

had some donated wine! Elks who assisted were Henry Hackett, Jimmy Snow, ER Audrey Hoffmaster, Patsy Minahan, Does Deb Hackett and Thelma Crenshaw, and yours truly.

Elks and Does enjoying the meal

SPECIAL THANKS going out to our Elk Ladies and Doe President Delores Lushbaugh and her Doe Ladies who provided a large assortment of

mouthwatering desserts! These are some of my very dear “Doe Sisters” that always seem to come

through for our Elks Lodge and various events we have! We had a few desserts left over to be sold at our Bingo on Wednesday. Approximately forty-five people came out to support this worthy cause with several buying a meal to eat the next day. After the clean-up, ER Audrey Hoffmaster and yours truly took the leftovers to the Ronald McDonald House for their dinner for Monday night. Weekend Manager Deidre Rohan was very appreciative as well as some of the families who were staying there.

After expenses, we have \$423.00 to be sent to ENF. for GER Michael Zellen’s “per-capita” of \$4.65 per member. Thanks again for everyone who came out and supported this worthy cause! Love ALL my Elk peeps!

YES, Charlottesville Elks you are **B.P.O.E. ~ Best People On Earth!**
