

Charlottesville 389 Visits McGuire VAMC and Treats Veterans

Charlottesville 389 members ER Audrey Hoffmaster, Patsy Minahan, Harold Morris, Wayne Shaner, and Vicki Shiflett traveled to McGuire Community Living Center and Polytrauma Unit on November 7. We visited with our veterans and distributed fresh fruits, snacks, and canteen booklets.

A highlight of our trip was distributing twenty baseball caps donated and autographed by UVA baseball Coach Brian O'Connor and several polo shirts and football caps donated by the UVA Football Office. Wayne Shaner also donated caps embroidered with the American flag and eagle. Any caps not given out will be taken to Building Fifteen which is the step-down unit for Polytrauma. We brought a smile to our veterans' faces with these gifts – they love caps and shirts!
