On Sunday September 22, 2013 a screening of “Honor Flight” was shown in Charlottesville, Virginia. This film pays tribute to our World War II veterans and was promoted by The Sasha Farmer Real Estate Team. Mrs. Farmer is the daughter of John Cannon, both of whom are members of Alexandria 758.

Charlottesville 389 and several members purchased and donated tickets that were presented to our veterans so that they could attend this film free of charge and our Lodge could say “Thank you for your service.”

“Honor Flight” was a heartwarming testimony of the sacrifices made by our WWII Veterans and the story of their community working toward the goal of offering them a trip to visit the World War II Memorial and other war memorials in Washington, DC. This documentary was a great reminder that the freedom we enjoy today was paid for with a great price.

GOD BLESS AMERICA, OUR VETERANS AND OUR MILITARY.
