Danville 227 Serves Brunswick Stew to Veterans at Local CBOC

On Thursday, February 12th, Danville 227, with help from an ENF Beacon Grant, provided lunch to local veterans as a way of thanking them for their service to our great country.

We fixed a homemade Brunswick stew, and transported it from our lodge to the local VA clinic on Piney Forest Road in Danville. We served approximately 350 vets with a free quart of stew.

We are also planning in the spring and summer months to have a cookout with free hot dogs, chips, and a drink for the local vets as well.
