On Friday, June 5th, Front Royal 2382 participated in DARE DAY in the park for approximately 500 fifth graders. Even though the day was overcast, with a few puddles of water from the previous night, the event was a great success.

Officer Larry Funk, Dare Officer for the

Warren County Sheriff's office and Front Royal Lodge's Dare Chairman, planned for many months. The event is attended by law enforcement officers from all over the state and locally. There are search and rescue dogs, fire departments, rescue units, lots of games and food. We are told that 800 hot dogs were prepared.

Front Royal Lodge took the DARE trailer and fifteen cases of water. DARE information pamphlets were handed out. It was a very eventful day.
