Hampton 366 Adopts Youth Camp Staff Break Cabin

Ten members of Hampton Lodge spent the weekend at VEYC and made the Staff Break Cabin livable again. The entire building was cleaned and spruced up and a member donated air conditioner was installed. Several square feet of flooring had to be replaced. Additionally, a donated TV and DVD player was added. Additional comfortable furniture has been promised by the ER. A great time was had with our fellow Elks from Charlottesville and Loudoun. A big thank you to our volunteer Chef Wayne from Charlottesville for some great eats over the weekend. Below are some before and after pictures.
