

## Hampton 366 Donates 400 Safety Glasses to New Horizons

L to R, Past State President Bill Tennis, Esteemed Loyal Knight Jerry Beickel, Esteemed Leading Knight Tim Miller, nine students, and New Horizons Career and Technical Education Center Principal Dewey Ray.

With the help of a grant from the Elks National Foundation to the Virginia Elks Association and through personal donations by seventeen members of Hampton 366, four hundred pairs of Safety Glasses were donated to the students at the New Horizons Career and Technical Education Center for use in the areas of robotics and automotive body work.

Students at New Horizons are local high school juniors and seniors who are pursuing their dream of training in these areas.

Approximately 80,000 pairs have been distributed across Virginia since the beginning of this program – at no cost to the schools or students
