Loudoun 2406 and Manassas 2512 Deliver Supplies to Dulles USO

The service to our military family traveling thru Dulles Airport continues with our 11-19-2014 delivery. L to R: USO facility manager Andrea Tassan; from Manassas 2512, Joe and Marianne Head and Pegge Vale; and from Loudoun 2406, Hugh Bruckschen, Kathy Brocke (new crew member) and Jim Brueggeman. To the delight of Kathy, she was able to take a military service dog for his walk outside of the airport building.

This delivery was a sad event for all of us with the passing of our friend and longtime USO supporter Gilbert Vale, PER, PDDGER. We are very fortunate that his wife Pegge will continue his tradition

God bless our military and keep them safe.
