Loudoun 2406 and Manassas 2512 Supply USO with Freezer

The Freezer delivery crew, L to R: **Gary Salpini**, USO volunteer; **Gil Vale**, ER, PER, PDDGER, and **Curt Loud** both from Manassas 2512; and **Dieter Schneider**, PER, Loudoun 2406. Freezer is located behind Mr. Salpini.

There was a need at the USO Dulles facility for additional freezer storage space. Thanks to the donation of a freezer by Tim Frank, PER, PDDGER, of the Loudoun lodge, that problem was solved. Curt Loud provided transportation of the unit to the USO. Mr. Salpini was able to procure a dolly and assist us in moving the freezer from the parking lot at Dulles to their facility. This additional storage space will allow Loudoun and Manassas lodges to add other products or increase the amount of microwave food per delivery.
