Petersburg 237 Promotes Drug Awareness at Two Events

Petersburg 237 had the drug trailer out at Fort Clifton on May 10-11 in Colonial Heights, and Relay For Life in Dinwiddie on May 17.

The above picture is of Judy Brooks at the spin wheel that got the attention of all the kids in the park. We gave out prizes if they got the number right but no one walked away without a prize. We also gave out literature to the adults and children with coloring books.

It was a great way to show off our drug trailer and get the word out about Elks.
