Portsmouth-Chesapeake 82 entertains Veterans and Staff from the Hampton, Virginia, VA Medical Center.

Twenty-five veterans and three staff from Hampton VA Medical Center and Elks from Norfolk 38 and Virginia Beach 2268 joined Portsmouth-Chesapeake 82 on a fishing expedition between Norfolk and Hampton aboard the Judith Ann on Friday, June 21, 2013. The veterans had a great time catching lots of croaker, and there were about nine youngsters who had an amazing experience learning just how much fun you can have when the fish are biting. The Elks wish to thank Ronnie Boone and the crew of the Judith Ann for a great time with our Vets, and special thanks to our VEA VAVS representative, Don De Lap, for joining us from Northern Virginia.
