Staunton 351 Readies its Cabin at VEYC for the Camping Year

On May 9, 2015, Staunton 351 members Dan Baxley, Buster Shaner, Justin Reiter, Matt Sutton and awaiting initiation member Nelson Mace, headed out to camp with a list of repairs. While Dan and Buster concentrated on a new screen door, generously donated by member David Holsinger, Matt and Nelson painted the entire outside of the cabin. Justin cleaned and touched up paint on the interior. As lunch time approached Dan and Justin fired up the grill, and Matt and Nelson did the final step of painting the interior floor.

Happy to report no power tool injuries or bee stings. Thanks for everyone's help preparing Camp for the kid's arrival!
