## VEYC President Georgianna Knotts' 2013-2014 Fall Report

The 2013-2014 VEYC year has been a productive one with new ideas being implemented and old ones improved.

Because of the dedicative efforts of the lodges that held fundraisers and ran The Queen of Hearts and individuals who donated time and money, the new 25-year roof is on the dinning hall and the chemical storage building. The whole project came in under budget due to the diligence of our treasurer, John Cannon. Needed repairs with the underground electrical wiring on the east side of camp and the dishwasher will be addressed in the near future. Otherwise the camp is in good shape,

The 4-week camping season went off without a hitch. Donald Tucker, the camp director, kept the capable councilors and energetic campers busy. A total of 242 boys and girls attended camp this year, 3 less than last year. There were two lodges that sent campers for the first time in years. Let's hope this trend continues for years to come.

This year the two major projects of the Virginia Elks Association worked together to provide safety glasses for each camper to take home and for a set left at camp to be used where needed. A big thank you goes to Bob Hinkle for making this endeavor possible.

I am grateful to everyone who helped make this a successful year. When there was a need you answered. Thank you for your love of the camp and ensuring it will be around for years to come.

Georgianna Knotts  
VEYC President
