Dear Friends:

On behalf of the Foundation Board of Trustees and the Virginia Department of Veterans Services, please accept our profound gratitude for your generous donation from your members to the Veterans Services Fund in the amount of \$780.00 for the Virginia Wounded Warrior Program (VWWP). Your gift, of which 100% will go to support needy veterans, really will make a difference as VWWP reaches out and provides the support needed by our veterans and their families.

Both of our organizations commend the Ladies of the Virginia Elks Association for your kindness and thoughtfulness in consideration of our veterans and their families who are contending with traumatic brain injuries and post-traumatic stress. We know that your support came from your hearts. Please accept our apology for the late acknowledgement of your gift.

It is through the kindness of citizens, organizations, and veterans that the lives of those who have sacrificed so much for our freedom, our veterans and their families, are made richer.

We wish you the very best always.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Jack W. Hilgers", written over a horizontal line.
