On 19 October Virginia Beach 2268 participated in the “Stand Up for Down Syndrome” held at Mount Trashmore in Virginia Beach, Virginia. The day started with a 5K run fundraiser around the park and was then followed by a family walk by all those affected by this disease. Elks from Virginia Beach provided a booth with arts and crafts that consisted of mask and wreath decorating as well as the very popular photo opportunity with the one and only Elroy!! There were over 150 children that participated in activities provided at the booth during this moving event.
